I wanted to let you know how much we feel that your product, After the Game Soaks, has been very beneficial to the players on our team. Your product is a very important tool in our tool box of athletic training. We feel that the anti-inflammatory and pain relieving properties are very helpful in the recovery and treatment of our players during our very demanding season. We use After the Game Soaks in our hot and cold foot baths and hot or cold whirlpool soaks. We have players that soak when we are on the road in the team hotel as well.

Thank you for providing us with a product that we feel is beneficial to the health of our team.

Kevin
